Subject – Project SEARCH University of Wisconsin-Whitewater Credit

We are pleased to announce that all **non-students** participating in Project SEARCH will now be able to receive 2 continuing education credits during the 9 month training program. (1 credit/semester)

Note: Project SEARCH is a high school transition program and the priority of enrollment is given to DVR students before non-students. All high school transition students participating in Project SEARCH will follow procedures as normal.

Effective Date – Fall 2015 School Semester

Why is this change being made?

In previous years, non-students did not receive wages or credit. UW-Whitewater has made it possible for DVR non-students to receive continuing education credit(s) which follows the unpaid training Project SEARCH model.
